

Let the Water World Adventure begin!

The Water World Adventure partnership is creating an educational interactive eBook to improve the Ocean Literacy of pre-school children.

Under the blue sky, our hero could observe how people are linked to the Ocean. Their jobs, their free time, their houses, their food, their relationships have a strong connection with the Ocean.....

....but the hero also saw how the waste from the cities ended up in the Ocean, endangering living creatures and the resources that people need.
